

Power Week

Applying for Work in Germany

This webinar-series will give you the practical tools you need to apply for work in Germany and get results!

Over the course of five days, we will cover these topics:

Monday: Setting goals for an effective job search and a successful start to your career!

Tuesday: Finding job openings, analysing job postings, researching prospective employers, reaching out & networking!

Wednesday: Writing Cover Letters optimised for keywords and Applicant Tracking Systems (ATS)- while still showing your personality!

Thursday: Writing successful and effective CVs & what you need to know about application pictures!

Friday: Preparing for the (post) Corona job interview: Telling your crisis story and what to expect from remote interviews!

The Power Week will be hands-on and interactive! Each morning there will be a short webinar (around 30-45 minutes) with an introduction to the topics of the day. There will then be a small challenge for you to complete. You will be given the materials and support you need to work on your own before coming back to the webinar meeting room in the afternoon to see how things went, get additional information and answer any questions that may have come up.

Since you will be doing rather than listening, you can be sure that you will be ready to go out into the world and succeed at finding the job you want! You will also be able to work and connect with the other participants. This way, you can keep in touch with your University of Hildesheim community and grow your network no matter where you are in the world!

I look forward to seeing you there!

Antonia
