

Lionbridge

Lionbridge Technologies, Inc. (Nasdaq: LIOX) is a leading provider of translation, online marketing, global content management and application testing solutions that ensure global brand consistency, local relevancy and technical usability across all touch points of the global customer lifecycle.

800 Brands Trust Lionbridge – leaders across industries partner with us to gain global market share.

In our Warsaw office we employ more than 500 specialists including Project Managers, Linguists, Engineers, DTP Specialists, Graphics, Web Developers and also subject matter experts, content developers and quality assurance professionals.

Currently we are looking for candidates interested in cooperation as:

Linguistic Tester – French

Warsaw

The purpose of the Linguistic Tester role is to test project assignments effectively. Identify linguistic bugs, report and confirm closure throughout the testing life cycle to ensure the highest quality product prior to release.

Requirements:

- native or fluent knowledge of **French** language
- cultural awareness of the target country
- good knowledge of English
- ability to work under pressure in a deadline-driven environment

We offer:

- professional development opportunities in a multi-cultural environment – Lionbridge has offices in 26 countries and many of these offices work collaboratively on projects, exposing our employees to a wide range of cultures and work styles
- access to the latest technological solutions
- work in a creative team and nice atmosphere
- an order contract

If you are interested in our offer, please send an up-to-date application with a note "Linguistic Tester – French"

The logo consists of the word "Lionbridge" in a white, sans-serif font, positioned on the left side of a large orange rectangular background. To the right of the text, there is a decorative graphic element consisting of a vertical stack of three colored squares: a yellow square at the top, a blue square in the middle, and a dark grey square at the bottom. The orange background has a subtle, repeating pattern of small, light-colored shapes.
