Statistics questionnaire for doctoral candidates

Personal data

male ☐ female ☐ diverse ☐

Surname: _____ First name: _____

Nationality: _____

Other nationality, if applicable: _____

Date of birth: _____ Place/country of birth: _____

Doctorate in the reporting year

Type of doctorate (see appendix): _____

Doctoral subject (see appendix): _____

Type of registration as a doctoral candidate (see appendix): _____

Enrolled Yes ☐ No ☐

Participation in a structured doctoral programme Yes ☐ No ☐

Employment at the university of the doctorate Yes ☐ No ☐

Type of dissertation ☐ monograph

☐ Publication-based cumulative dissertation

First enrolment (as a student)

University: _____

In case of first-time enrolment at a university outside of Germany, the country of said university :

_____

Summer semester ☐ Winter semester ☐ Year: ____

Previous final examination entitling the holder to a doctorate:

Not yet taken ☐ Already taken and passed ☐

University: _____

If the higher education institution of a final examination already taken is outside of Germany, the country of the higher education institution: _____

Type of examination (see appendix): _____

First subject (see appendix): _____

Exam completion: Month (two digits) _____ Year (four digits) _____

Overall grade (0=with honours; 1=very good; 2=good; 3=satisfactory; 4=sufficient; 8=passed/ grade unknown): _____

First university entrance qualification (FUEQ / HZB)

Year of the first acquisition of a FUEQ (four digits): _____

Type of first FUEQ (see appendix): _____

Place of acquisition of the first FUEQ:

Federal state or "abroad": _____

County or state (if acquired abroad): _____

Status: 02/06/2026 en

Appendix:

Type of promotion (common choices are underlined)

- Doctorate at universities with the right to award doctorates (including cooperation with another university in Germany)
- Doctorate at universities with the right to award doctorates in cooperation with a university abroad
- Doctorate at a university with the right to award doctorates in cooperation with a university of applied sciences
- Doctorate at a university with the right to award doctorates in cooperation with a research institution
- Doctorate at a university with the right to award doctorates in cooperation with industry or another institution

Doctoral subject

- Biology
- Chemistry
- German
- German as a second language/German as a foreign language
- English
- Geography
- Educational Science, Inclusive Pedagogy and Communication, Educational Science with specialisation in Childhood Pedagogy/Diversity Education
- Protestant theology
- History
- IFK
- Information management and information technology
- Internat. Information Management
- Internat. Information Management - Linguistics and Intercultural Communication
- Catholic theology
- Creative writing and cultural journalism, literary writing and editing
- Cultural Studies and Aesthetic Practice
- Art
- Management Organisation Studies
- Mathematics
- Media text and media translation
- Music, cultural diversity in music education
- Philosophy
- Physics
- Politics
- Psychology
- Physical education
- Social pedagogy
- Sport
- Sports science
- Languages and technology
- Scenic arts, staging of the arts and media
- Technology
- Environment and nature conservation
- Economy
- Business informatics

Type of registration as a doctoral candidate (common choices are underlined)

- First registration (first registration at a German university)
- Re-registration (re-registration because a previous doctorate at a German university was cancelled or successfully completed)
- Active continuation (at the same university as in the previous reporting year (also after leave of absence/interruption in the previous reporting year)
- Leave of absence/interruption
- Completion of the doctorate (passed or definitively failed)
- Cancellation of the doctorate

Type of examination (common choices are underlined)

- Magister degree (first degree)
- Magister degree (second degree)
- Magister degree (postgraduate programme)
- Magister degree (supplementary, extension and additional studies)
- Magister degree (continuing education programme)
- Multi-subject Bachelor's degree without teacher training option (first degree programme)
- Multi-subject Bachelor's degree without teacher training option (second degree programme)
- Multi-subject Bachelor's degree without teacher training option (postgraduate programme)
- Multi-subject Bachelor's degree without teacher training option (continuing education programme)
- Multi-subject Bachelor's degree with teacher training option (first degree programme)
- Multi-subject Bachelor's degree with teacher training option (second degree programme)
- Multi-subject Bachelor's degree with teacher training option (postgraduate programme)
- Multi-subject Bachelor's degree with teacher training option (continuing education programme)
- Multi-subject Master's programme (second degree)
- Multi-subject Master's programme (postgraduate studies)
- Multi-subject Master's programme (supplementary, extension and additional studies)
- Multi-subject Master's degree (continuing education programme)
- Multi-subject Master's programme (consecutive Master's programme)
- State examination/1st state examination (first degree)
- State examination/1st state examination (second degree programme)
- State examination/1st state examination (postgraduate studies)
- State examination/1st state examination (further education programme)
- State examination (single-phase training) (first degree programme)
- State examination (single-phase training) (second degree programme)
- Diploma (U) (first degree programme)
- Diploma (U) (second degree programme)
- Diploma (U) (postgraduate programme)
- Diploma (U) (supplementary, extension and additional studies)
- Diploma (U) (further education programme)
- Diploma (U) - Interpreter (first degree)
- Diploma (U) - Interpreter (second degree)
- Diploma (U) - Interpreter (supplementary, extension and additional studies)
- Diploma (U) - Translator (first degree)
- Diploma (U) - Translator (second degree)
- Diploma (U) - Translator (supplementary, extension and additional studies)
- Certified translator (first degree)
- Certified translator (second degree)
- Certified translator (supplementary, extension and additional studies)
- Bachelor at universities (first degree programme)
- Bachelor at universities (second degree programme)
- Bachelor's degree at universities (supplementary, extension and additional study programmes)
- Bachelor at universities (continuing education programme)
- Master's degree at universities (final examination required) (second degree programme)
- Master's degree at universities (final examination required) (postgraduate programme)
- Master's degree at universities (final examination required) (supplementary, extension and additional study programmes)
- Master's degree at universities (final examination required) (continuing education programme)
- Master's degree at universities (final examination required) (consecutive Master's programme)
- Doctorate (final examination required) (Doctorate)
- Doctorate (final examination required) (doctorate after FH degree or short academic programme)
- Doctorate (final examination required) (structured doctoral programme)
- Teaching degree Grund- and Hauptschulen (St.ex.) (first degree programme)
- Teaching degree Grund- and Hauptschulen (St.ex.) (second degree programme)
- Teaching degree Grund- and Hauptschulen (St.ex.) (supplementary, extension and additional study programme)
- Teaching degree Bachelor Grund- and Hauptschulen (St.ex.) (first degree programme)
- Teaching degree Bachelor Grund- and Hauptschulen (St.ex.) (second degree programme)
- Teaching degree Bachelor Grund- and Hauptschulen (St.ex.) (supplementary, extension and additional studies)

- Teaching degree Master Grund- and Hauptschulen (St.ex.) (second degree programme)
- Teaching degree Master Grund- and Hauptschulen (St.ex.) (postgraduate programme)
- Teaching degree Master Grund- and Hauptschulen (St.ex.) (supplementary, extension and additional study programme)
- Teaching degree Master Grund- and Hauptschulen (St.ex.) (further education programme)
- Teaching degree Master Grund- and Hauptschulen (St.ex.) (Consecutive Master's programme)
- Teaching degree Primary Schools (St.ex.) (first degree programme)
- Teaching degree Primary Schools (St.ex.) (second degree programme)
- Teaching degree Primary Schools (St.ex.) (supplementary, extension and additional studies)
- Teaching degree Bachelor Primary schools (first degree programme)
- Teaching degree Bachelor Primary Schools (second degree programme)
- Teaching degree Bachelor Primary Schools (supplementary, extension and additional studies)
- Teaching degree Master Primary Schools (second degree programme)
- Teaching degree Master Primary Schools (postgraduate programme)
- Teaching degree Master Primary Schools (supplementary, extension and additional studies)
- Teaching degree Master Primary Schools (further education programme)
- Teaching degree Master Primary Schools (Consecutive Master's programme)
- Teaching degree Hauptschulen (St.ex.) (first degree programme)
- Teaching degree Hauptschulen (St.ex.) (second degree programme)
- Teaching degree Hauptschulen (St.ex.) (supplementary, extension and additional study programme)
- Teaching degree Bachelor Hauptschulen (first degree programme)
- Teaching degree Bachelor Hauptschulen (second degree programme)
- Teaching degree Bachelor Hauptschulen (supplementary, extension and additional studies)
- Teaching degree Master Hauptschulen (second degree programme)
- Teaching degree Master Hauptschulen (postgraduate programme)
- Teaching degree Master Hauptschulen (supplementary, extension and additional studies)
- Teaching degree Master Hauptschulen (further education programme)
- Teaching degreeMaster Hauptschulen (consecutive Master's programme)
- Teaching degree Grundstufe/Primarstufe (first degree programme)
- Teaching degree Grundstufe/Primarstufe (second degree programme)
- Teaching degree Grundstufe/Primarstufe (supplementary, extension and additional studies)
- Teaching degree Bachelor Grundstufe/Primarstufe (first degree programme)
- Teaching degree Bachelor Grundstufe/Primarstufe (second degree programme)
- Teaching degree Bachelor Grundstufe/Primarstufe (supplementary, extension and additional studies)
- Teaching degree Master Grundstufe/Primarstufe (second degree programme)
- Teaching degree Master Grundstufe/Primarstufe (postgraduate programme)
- Teaching degree Master Grundstufe/Primarstufe (supplementary, extension and additional studies)
- Teaching degree Master Grundstufe/Primarstufe (further education programme)
- Teaching degree Master Grundstufe/Primarstufe (Consecutive Master's programme)
- Teaching degree Sekundarstufe I/Primarstufe (first degree)
- Teaching degree Sekundarstufe I/Primarstufe (second degree programme)
- Teaching degree Sekundarstufe I/Primarstufe (supplementary, extension and additional studies)
- Teaching degree Bachelor Sekundarstufe I/Primarstufe (first degree)
- Teaching degree Bachelor Sekundarstufe I/Primarstufe (second degree programme)
- Teaching degree Bachelor Sekundarstufe I/Primarstufe (supplementary, extension and additional studies)
- Teaching degree Master Sekundarstufe I/Primarstufe (second degree programme)
- Teaching degree Master Sekundarstufe I/Primarstufe (postgraduate programme)
- Teaching degree Master Sekundarstufe I/Primarstufe (supplementary, extension and additional study programme)
- Teaching degree Master Sekundarstufe I/Primarstufe (continuing education programme)
- Teaching degree Master Sekundarstufe I/Primarstufe (consecutive Master's programme)
- Teaching degree Primary Schools / Sekundarstufe I (first degree programme)
- Teaching degree Primary Schools / Sekundarstufe I (second degree programme)
- Teaching degree Primary Schools / Sekundarstufe I (supplementary, extension and additional studies)
- Teaching degree Bachelor Primary Schools / Sekundarstufe I (first degree programme)
- Teaching degree Bachelor Primary Schools / Sekundarstufe I (second degree programme)
- Teaching degree Bachelor Primary Schools / Sekundarstufe I (supplementary, extension and additional studies)
- Teaching degree Master Primary Schools / Sekundarstufe I (second degree programme)
- Teaching degree Master Primary Schools / Sekundarstufe I (postgraduate programme)

- Teaching degree Master Primary Schools / Sekundarstufe I(supplementary, extension and additional study programme)
- Teaching degree Master Primary Schools / Sekundarstufe I (further education programme)
- Teaching degree Master Primary Schools / Sekundarstufe I (consecutive Master's programme)
- Teaching degree Realschulen (first degree programme)
- Teaching degree Realschulen (second degree programme)
- Teaching degree Realschulen (postgraduate studies)
- Teaching degree Realschulen (supplementary, extension and additional studies)
- Teaching degree Bachelor Realschulen (first degree programme)
- Teaching degree Bachelor Realschulen (second degree programme)
- Teaching degree Bachelor Realschulen (supplementary, extension and additional studies)
- Teaching degree Master Realschulen (second degree programme)
- Teaching degree Master Realschulen (postgraduate programme)
- Teaching degree Master Realschulen (supplementary, extension and additional study programme)
- Teaching degree Master Realschulen (further education programme)
- Teaching degree Master Realschulen (consecutive Master's programme)
- Teaching degree Hauptschulen and Realschulen/Unterstufe and Mittelstufe Gymnasien (first degree programme)
- Teaching degree Hauptschulen and Realschulen/Unterstufe and Mittelstufe Gymnasien (second degree programme)
- Teaching degree Hauptschulen and Realschulen/Unterstufe and Mittelstufe Gymnasien (postgraduate programme)
- Teaching degree Hauptschulen and Realschulen/Unterstufe and Mittelstufe Gymnasien (supplementary, extension and additional studies)
- Teaching degree Bachelor Haupt- und Realschulen/Unterstufe und Mittelstufe Gymnasien (first degree programme)
- Teaching degree Bachelor Haupt- und Realschulen/Unterstufe und Mittelstufe Gymnasien (second degree programme)
- Teaching degree Bachelor Haupt- und Realschulen/Unterstufe und Mittelstufe Gymnasien (supplementary, extension and additional studies)
- Teaching degree Master Hauptschule and Realschule/Unterstufe and Mittelstufe Gymnasien (second degree programme)
- Teaching degree Master Haupt- und Realschulen/Unterstufe und Mittelstufe Gymnasien (postgraduate programme)
- Teaching degree Master Hauptschule and Realschule/Unterstufe and Mittelstufe Gymnasien (supplementary, extension and additional study programme)
- Teaching degree Master Hauptschule and Realschule/Unterstufe and Mittelstufe Gymnasien (continuing education programme)
- Teaching degree Master Hauptschule and Realschule/Unterstufe and Mittelstufe Gymnasien (consecutive Master's programme)
- Teaching degree Mittelstufe/Sekundarstufe I (first degree)
- Teaching degree Mittelstufe/Sekundarstufe I (second degree programme)
- Teaching degree Mittelstufe/Sekundarstufe I (supplementary, extension and additional studies)
- Teaching degree Bachelor Mittelstufe/Sekundarstufe I (first degree programme)
- Teaching degree Bachelor Mittelstufe/Sekundarstufe I (second degree programme)
- Teaching degree Bachelor Mittelstufe/Sekundarstufe I (supplementary, extension and additional studies)
- Teaching degree Master Mittelstufe/Sekundarstufe I (second degree programme)
- Teaching degree Master Mittelstufe/Sekundarstufe I (postgraduate programme)
- Teaching degree Master Mittelstufe/Sekundarstufe I (supplementary, extension and additional study programme)
- Teaching degree Master Mittelstufe/Sekundarstufe I (continuing education programme)
- Teaching degree Master Mittelstufe/Sekundarstufe I (Consecutive Master's programme)
- Teaching degree Sekundarstufe II/Sekundarstufe I (first degree programme)
- Teaching degree Sekundarstufe II/Sekundarstufe I (second degree programme)
- Teaching degree Sekundarstufe II/Sekundarstufe I (supplementary, extension and additional studies)
- Teaching degree Bachelor Sekundarstufe II/Sekundarstufe I (first degree)
- Teaching degree Bachelor Sekundarstufe II/Sekundarstufe I (second degree programme)
- Teaching degree Bachelor Sekundarstufe II/Sekundarstufe I (supplementary, extension and additional studies)
- Teaching degree Master Sekundarstufe II/Sekundarstufe I (second degree programme)
- Teaching degree Master Sekundarstufe II/Sekundarstufe I (postgraduate programme)
- Teaching degree Master Sekundarstufe II/Sekundarstufe I (supplementary, extension and additional study programme)
- Teaching degree Master Sekundarstufe II/Sekundarstufe I (continuing education programme)
- Teaching degree Master Sekundarstufe II/Sekundarstufe I(consecutive Master's programme)
- Teaching degree Gymnasien (first degree programme)
- Teaching degree Gymnasien (second degree programme)
- Teaching degree Gymnasien (postgraduate programme)
- Teaching degree Gymnasien (supplementary, extension and additional studies)
- Teaching degree Bachelor Gymnasien (first degree programme)
- Teaching degree Bachelor Gymnasien (second degree programme)

- Teaching degree Bachelor Gymnasien (supplementary, extension and additional studies)
- Teaching degree Master Gymnasien (second degree programme)
- Teaching degree Master Gymnasien (postgraduate programme)
- Teaching degree Master Gymnasien (supplementary, extension and additional study programme)
- Teaching degree Master Gymnasien (further education programme)
- Teaching degree Master Gymnasien (consecutive Master's programme)
- Teaching degree upper secondary level I/II general education schools (first degree)
- Teaching degree upper secondary level I/II, general education schools (second degree programme)
- Teaching degree upper secondary level I/II, general education schools (supplementary, extension and additional studies)
- Teaching degree Bachelor upper secondary level I/II, general education schools (first degree)
- Teaching degree Bachelor upper secondary level I/II, general education schools (second degree programme)
- Teaching degree Bachelor upper secondary level I/II, general education schools (supplementary, extension and additional studies)
- Teaching degree Master's degree upper secondary level I/II, general education schools (second degree programme)
- Teaching degree Master's degree upper secondary level I/II, General Education Schools (postgraduate programme)
- Teaching degree Master's degree upper secondary level I/II, general education schools (supplementary, extension and additional studies)
- Teaching degree Master's degree upper secondary level I/II, general education schools (continuing education programme)
- Teaching degree Master's degree upper secondary level I/II, General Education Schools (Consecutive Master's Programme)
- Teaching degree special schools (first degree programme)
- Teaching degree special schools (second degree programme)
- Teaching degree special schools (postgraduate programme)
- Teaching degree special schools (supplementary, extension and additional studies)
- Teaching degree Bachelor special schools (first degree programme)
- Teaching degree Bachelor special schools (second degree programme)
- Teaching degree Bachelor special schools (supplementary, extension and additional studies)
- Teaching degree Master Special Schools (second degree programme)
- Teaching degree Master's special schools (postgraduate programme)
- Teaching degree Master's special schools (supplementary, extension and additional study programme)
- Teaching degree Master's degree special schools (further education programme)
- Teaching degree Master's degree in special schools (consecutive Master's programme)
- Teaching degree Vocational schools (first degree programme)
- Teaching degree Vocational Schools (second degree programme)
- Teaching degree Vocational Schools (supplementary, extension and additional studies)
- Teaching degree Bachelor Vocational Schools (first degree programme)
- Teaching degree Bachelor Vocational Schools (second degree programme)
- Teaching degree Bachelor Vocational Schools (supplementary, extension and additional studies)
- Teaching degree Master Vocational Schools (second degree programme)
- Teaching degree Master Vocational Schools (postgraduate programme)
- Teaching degree Master Vocational Schools (supplementary, extension and additional study programme)
- Teaching degree Master Vocational Schools (continuing education programme)
- Teaching degree Master Vocational Schools (Consecutive Master's programme)
- Teaching degree upper secondary level I/II, vocational schools (first degree)
- Teaching degree upper secondary level I/II, vocational schools (second degree programme)
- Teaching degree upper secondary level I/II, vocational schools (supplementary, extension and additional studies)
- Teaching degree Bachelor upper secondary level I/II, vocational schools (first degree programme)
- Teaching degree Bachelor upper secondary level I/II, vocational schools (second degree programme)
- Teaching degree Bachelor upper secondary level I/II, vocational schools (supplementary, extension and additional studies)
- Teaching degree Master upper secondary I/II, vocational Schools (second degree programme)
- Teaching degree Master upper secondary I/II, vocational Schools (postgraduate programme)
- Teaching degree Master upper secondary I/II, vocational Schools (supplementary, extension and additional study programme)
- Teaching degree Master upper secondary I/II, Vocational Schools (continuing education programme)
- Teaching degree Master upper secondary I/II, Vocational Schools (Consecutive Master's programme)
- Teaching degree Bachelor (if no differentiation possible) (first degree programme)
- Teaching degree Bachelor (if no differentiation possible) (second degree programme)
- Teaching degree Bachelor (if no differentiation possible) (postgraduate programme)
- Teaching degree Bachelor (if no differentiation possible) (supplementary, extension and additional studies)
- Teaching degree Bachelor (if no differentiation possible) (further education programme)

- Teaching degree Master (if no differentiation possible) (second degree programme)
- Teaching degree Master (if no differentiation possible) (postgraduate programme)
- Teaching degree Master (if no differentiation possible) (supplementary, extension and additional studies)
- Teaching degree Master (if no differentiation possible) (further education programme)
- Teaching degree Master (if no differentiation possible) (consecutive Master's programme)
- Other state examinations by type of school/school level (first degree)
- Other state examinations by type of school/school level (second degree programme)
- Other state examinations by type of school/school level (postgraduate studies)
- Other state examinations by type of school/school level (supplementary, extension and additional studies)
- Other state examinations by type of school/school level (further education programme)
- Bachelor's degree at art colleges (first degree programme)
- Bachelor's degree at art colleges (second degree programme)
- Master's degree at art colleges (final examination required) (second degree programme)
- Master's degree at art colleges (final examination required) (postgraduate programme)
- Master's degree at art colleges (final examination required) (supplementary, extension and additional studies)
- Master's degree at art colleges (final examination required) (continuing education programme)
- Master's degree at art colleges (final examination required) (consecutive Master's programme)
- Diploma (UAS) (first degree)
- Diploma (UAS) (second degree)
- Diploma (UAS) (postgraduate programme)
- Diploma (UAS) (supplementary, extension and additional studies)
- Diploma (UAS) (further education programme)
- Diploma (UAS) - Interpreter (first degree)
- Diploma (UAS) - Interpreter (second degree)
- Diploma (UAS) - Interpreter (postgraduate studies)
- Diploma (UAS) - Translator (first degree)
- Diploma (UAS) - Translator (second degree)
- Diploma (UAS) - Translator (postgraduate studies)
- State career examination (VerwFH) (first degree programme)
- State career examination (VerwFH) (second degree programme)
- Bachelor's degree at universities of applied sciences (first degree programme)
- Bachelor's degree at universities of applied sciences (second degree programme)
- Bachelor's degree at universities of applied sciences (supplementary, extension and additional study programmes)
- Bachelor's degree at universities of applied sciences (continuing education programme)
- Master's degree at universities of applied sciences (final examination required) (second degree programme)
- Master's degree at universities of applied sciences (final examination required) (postgraduate programme)
- Master's degree at universities of applied sciences (final examination required) (supplementary, extension and additional study programmes)
- Master's degree at universities of applied sciences (final examination required) (continuing education programme)
- Master's degree at universities of applied sciences (final examination required) (consecutive Master's programme)
- Other degrees at universities of applied sciences (first degree)
- Other degrees at universities of applied sciences (second degree)
- Other degrees at universities of applied sciences (postgraduate studies)
- Other degrees at universities of applied sciences (supplementary, extension and additional studies)
- Other degrees at universities of applied sciences (further education programme)
- Degree certificate/certificate (first degree)
- Degree certificate/certificate (second degree programme)
- Final certificate (postgraduate programme)
- Diploma/certificate (supplementary, extension and additional studies)
- Diploma/certificate (continuing education programme)
- Other degree in Germany (first degree)
- Other degree in Germany (second degree)
- Other degree in Germany (postgraduate studies)
- Other degree in Germany (supplementary, extension and additional studies)
- Other degree in Germany (further education programme)
- Final examination abroad (first degree programme)
- Final examination abroad (second degree programme)
- Final examination abroad (postgraduate programme)

- Final examination abroad (supplementary, extension and additional studies)
- Final examination abroad (doctoral programme)
- Final examination abroad (continuing education programme)
- Final examination abroad (consecutive Master's programme)

1st field of study (**Not** the field of the doctorate!)

- Waste management
- Sales management
- African Studies
- Agricultural biology
- Agricultural economics [for agricultural sciences]
- Agricultural economics [for economics]
- Agriculture
- Agricultural science/agriculture
- Egyptology
- General architecture
- General chemistry
- General precision engineering
- General computer science
- General Literary Studies
- General history of religion
- General Linguistics/Indo-European Studies
- General textile technology
- General and theoretical electrical engineering/electronic physics
- General process engineering
- General surveying
- General history of science
- General device construction
- General mechanical engineering
- General construction
- Ancient American Studies
- Ancient history
- Early music
- Old Catholic theology
- Classical philology
- American Studies/American Studies
- Applied biomechanics
- Applied German Philology (German teacher abroad)
- Applied photography
- Applied design
- Applied graphics
- Applied computer science
- Applied Cultural Studies
- Applied art
- Applied painting (surface object design)
- Applied mathematics
- Applied mechanics
- Applied languages
- Applied Linguistics
- Applied Systems Science
- Applied world economic languages
- English/English
- Plant operating technology
- Anthropogeography
- Anthropology (human biology)
- Drive, control and measurement technology
- Apparatus engineering

- Apparatus engineering
- Arabic/Arabic Studies
- Labour/Economy
- Employment and career counselling
- Labour theory/economics
- Occupational psychology
- Labour administration
- Ergonomics (labour science)
- Archaeology
- Archaeology, Christian and Byzantine Art History
- Archaeology of the Middle Ages and Modern Times
- Archaeometry (engineering archaeology)
- Architecture
- Archives
- Asian languages and cultures/Asian studies
- Assyriology
- Astronomy, Astrophysics
- Preparation and refinement
- Ophthalmic optics
- Education for foreigners
- German studies abroad
- Non-European languages and cultures in Oceania and America
- Extracurricular education and social services
- Foreign Affairs
- Automatic production [for precision engineering]
- Automation and production
- Automation technology
- Balkanology
- Baltic Philology
- Baltic Studies
- Banking
- Building and heavy clay ceramics
- Building operations [for architecture]
- Construction management [for civil engineering]
- Building history
- Building trade, main building trade, building technology (commercial apprenticeship)
- Building informatics
- Civil engineering/engineering
- Civil Engineering/Project Management
- Architecture [for architecture]
- Building physics
- Building technology [for architecture]
- Bavarian regional history
- Machining, processing, heating and power machines
- Disability education
- Clothing design
- Mining/Mining technology
- Mining [for process engineering]
- Mining technology, mining industry (industrial apprenticeship)
- Vocational foreign language training
- Vocational and business education
- Company training
- Operating and production technology
- Business and market economy [for brewing]
- Business Administration
- Business Administration Construction
- Business administration [for viticulture and cellar management]

- Business administration in healthcare facilities
- Business Administration/International Management
- Business administration
- Business administration (technical)
- Business administration/economics
- Librarianship (only for students at Verwaltungs FH)
- Library science (not for students at VerwaltungsFH)
- Fine arts/graphics
- Sculpture/sculpture
- Educational research
- Economics of education
- Biochemistry
- Biogeography
- Bioinformatics
- Biology
- Biology (technical)
- Biomedicine
- Biomedical technology
- Biophysics [for physicists]
- Biotechnology
- Bioprocess engineering
- Burmese Studies
- Botany
- Botanical direction [for biochemistry]
- Brewing/beverage technology
- Fuel engineering
- Fuel and firing technology
- Book and library science
- Accounting
- Stage design
- Stage costume
- Bulgarian
- Federal Defence Administration
- Byzantine Studies
- Caritas Science
- Chemistry
- Chemical Engineering/Chemical Technology
- Chemical process engineering
- Chemotechnology/Process Engineering
- Choreography
- Choral singing
- Choir direction
- Computational linguistics
- Computer and communication technologies
- Danish
- Performing arts/stagecraft/directing
- Data technology
- Data processing technology
- Monument preservation
- Design/creation
- Design [for engineers]
- Design informatics
- DEUG - mention droit
- German as a foreign language or as a second language
- German course for foreigners [for university applicants]
- Diaconal Science
- Didactics of the social sciences

- Service industry, tourism
- Conducting
- Documentary film and television journalism
- Documentation science
- Interpreter Arabic
- Interpreter German
- Interpreter English
- French interpreter
- Interpreter Italian
- Dutch interpreter
- Polish interpreter
- Portuguese interpreter
- Russian interpreter
- Interpreter Spanish
- Interpreter/translator (not specified)
- Print [for art]
- Printing/graphic arts
- Printing and reproduction technology
- Printing technology [for mechanical engineering]
- Printing Technology [in Process and Materials Engineering]
- Gemstone and jewellery design
- Ferrous metallurgy
- Electrical power engineering
- Electrical machines and drives [for electrical engineering]
- Electrical trade/electrical engineering (commercial apprenticeship)
- Electrical engineering/electronics
- Elementary education
- Energy and process engineering
- Energy and heating technology
- Energy technology (without electrical engineering)
- Waste disposal technology
- Developmental and educational psychology
- Nutrition and home economics
- Nutrition and household technology
- Nutritional science
- Adult education and extracurricular youth education
- Education [for social work]
- Educational science (pedagogy)
- Ethics
- European Ethnology and Cultural Studies
- European economy
- European Business
- European Business Administration
- European Business Management
- European Business Studies
- European Electrical Engineering Studies
- European Mechanical Engineering Studies
- European Product Engineering and Management
- Protestant religious education, church education work
- Protestant theology, - religious education
- Experimental film design
- History of specialised journalism
- Specialised translation
- Facility Management
- Vehicle, production and supply engineering
- Vehicle construction
- Automotive engineering

- Automotive engineering [for mechanical engineering]
- Family education and family support
- Colour design
- Paint, varnish and plastics technology
- Precision engineering
- Fine ceramics
- Precision engineering
- Precision engineering [for mechanical engineering]
- Precision engineering/optics
- Precision engineering, control and measurement technology [for mechanical engineering]
- Television technology
- Manufacturing [for industrial engineering]
- Manufacturing/production technology
- Production engineering/production technology [for mechanical engineering]
- Solid-state electronics
- Puppet theatre
- Film and television
- Film and television plays
- Finance and investment management
- Finance and taxation [for engineering informatics]
- Financial management
- Finnish
- Finno-Ugristics
- Fish production
- Flight guidance
- Missile construction
- Aeronautical engineering/space technology [for aerospace engineering]
- Aeronautical engineering, aerospace engineering [for mechanical engineering]
- Aircraft engines
- Aircraft construction
- Forest science/economics
- Photography/photography [for design]
- Photographic technique
- Photographic and applied optics
- Photoengineering
- French
- Free graphics
- Free ceramics
- Fine art
- Free painting
- Leisure education
- Pedagogy of early childhood
- Horticulture
- Garden and landscape design
- Gas, water, heating and air conditioning technology
- Building theory
- Building technology
- Commercial graphics (graphic design)
- Contemporary studies/community studies/political education/civics
- Social studies
- Vegetable growing
- Genetics
- Co-operative economics
- Geography/Earth studies
- Geology/Palaeontology
- Geoecology
- Geophysics

- Geosciences
- Device construction
- Device technology
- Germanic and Nordic Philology
- German studies/German
- Singing
- History
- History of the exact science
- History of mathematics and natural sciences
- History of medicine and pharmacy
- Social and business communication
- Social sciences
- Creative work
- Creation/Design
- Design technology [for learning area technology 2)]
- Health science/management
- Health technology
- Health education
- Foundry and materials technology
- Foundry science
- Glass design
- Glass instruments and plant engineering
- Glass technology/ceramics
- Glass technology [for process engineering]
- Goldsmiths and silversmiths (technical)
- Goldsmith's art
- Graphic design/communication design
- Graphic arts/printing
- Greek
- Heavy clay ceramics
- Foundation engineering [for civil engineering]
- Fundamentals of mechanical engineering
- Primary school didactics
- Primary school pedagogy
- Green organisation
- Household/labour theory
- Home economics and nutritional science
- Home economics [for nutrition and home economics]
- Home economics [for economics]
- Home economics/housekeeping science
- Home economics/textiles
- Hebrew/Judaism
- Curative education
- Local history
- Heating and health technology
- Hethiology/Hittite/Hittitology
- Historical geography
- Historical musicology
- Historical cultural assets and restoration
- Building construction/structural engineering

Type of first university entrance qualification (FUEQ / HZB)

If you do not know what an Abitur / HZB is, "other acquisition of the HZB abroad (aHR)" is most likely the right choice for you

Grammar school (aHR)	Grammar schools with reformed sixth form, advanced grammar schools, other grammar schools (excluding vocational grammar schools), cooperative comprehensive schools, extended grammar schools
Grammar school (FHR)	Leaving grammar schools with reformed upper secondary level, advanced grammar schools, other grammar schools after year 12
Comprehensive school (aHR)	Including Waldorf schools, grammar schools at integrated comprehensive schools, co-operative comprehensive schools, community schools (BW, SL, ST, SH, TH), integrated secondary schools (BE), secondary schools (HB, NI), regional schools (MV), district schools (HH) and secondary schools (NW)
Comprehensive school (FHR)	Leaving comprehensive schools including Waldorf schools and grammar schools at integrated comprehensive schools after year 12, co-operative comprehensive school, community school (BW, SL, ST, SH, TH), integrated secondary school (BE), secondary school (HB, NI), regional school (MV), district school (HH), secondary school (NW)
Fachgymnasium (aHR)	Vocational grammar schools, business grammar schools, technical grammar schools, vocational grammar schools for women, former colleges (NW), vocational training with Abitur (former GDR)
Specialised grammar school (fgHR)	Vocational grammar schools, business grammar schools, technical grammar schools, vocational grammar schools for women, former colleges (NW), vocational training with Abitur (former GDR)
Specialised grammar school (FHR)	Leaving vocational grammar schools, business grammar schools after year 12
Vocational high school, specialised academy (aHR)	If the requirements for obtaining the general higher education entrance qualification are met (e.g. certificate of the supplementary examination to obtain the general higher education entrance qualification).
Vocational high school, specialised academy (fgHR)	Including technical and business secondary schools and specialised academies, **incl. degrees from a technical and engineering college in the territory of the former GDR**
Vocational high school, specialised academy (FHR)	Leavers from vocational upper secondary schools after year 12; specialised academies including vocational academies (excluding Baden-Württemberg)
Evening grammar school/college (aHR)	Including courses at adult education centres (former GDR), if an additional certificate can be presented for the 2nd foreign language
Evening grammar school/college (FHR)	e.g. leaving evening grammar schools after the 12th or comparable school year, courses at adult education centres and vocational schools (former GDR)
Technical secondary school (aHR)	
Technical secondary school (fgHR)	After attending grade 13
Technical secondary school (FHR)	Including specialised upper secondary schools (evening form)

Studienkolleg (aHR)	Studienkollegs: For applicants with or without a previous HZB qualification abroad
Studienkolleg (fgHR)	Studienkollegs: For applicants with or without a previous HZB qualification abroad
Studienkolleg (FHR)	Studienkollegs: For applicants with or without a previous HZB qualification abroad
Aptitude test (aHR)	**Examination for admission to a university degree programme without a school-leaving certificate by an external body** Entrance examination for **art and music colleges, external examination** (to be distinguished from university admission for vocationally qualified persons (Sign. 34))
Gifted/aptitude test (fgHR)	**Examination for admission to a university degree programme without a school-leaving certificate by an external body** Entrance examination for **art and music colleges** (to be distinguished from university admission for vocationally qualified persons (Sign. 53))
Gifted/aptitude test (FHR)	**Examination for admission to a university of applied sciences programme by an external body** Entrance examination at **art and music colleges, external examination** (to be distinguished from university admission for vocationally qualified persons (Sign. 71))
Vocationally qualified (aHR)	Access to higher education without a school-leaving certificate for vocationally qualified students, e.g. master craftsmen, holders of qualifications in accordance with the KMK framework agreement for specialised schools in the currently valid version, graduates of a trial course in accordance with state regulations. (to be distinguished from the aptitude test (Sign. 33))
Professionally qualified (fgHR)	Access to higher education without a school-leaving certificate for vocationally qualified students, Completion of at least two years of subject-related vocational training in accordance with BBIG/HwO or state law and at least three years of subject-related professional experience (scholarship holders: 2 years), aptitude assessment procedure in accordance with the KMK resolution of 6 March 2009, graduates of a trial course in accordance with state regulations. (to be distinguished from the aptitude test (Sign. 52))
Professionally qualified (FHR)	Admission to higher education without a school-leaving certificate for vocationally qualified persons, e.g. holders of qualifications in accordance with the KMK Framework Agreement for Vocational Schools dated 7 November 2002 in the version dated 25 June 2015, graduates of a trial course in accordance with state regulations. (to be distinguished from the aptitude test (Sign. 77))
Vocational school (FHR)	Also acquisition of a university entrance qualification as part of school-based vocational training or vocational training in the dual system or at vocational special schools, higher commercial schools (two-year), higher vocational schools (two and three-year), Berufskolleg II, former college school (FHR) in NW and Assistant training programmes in NW
Technical college (FHR)	E.g. part-time or full-time master craftsman or technical schools, vocational academies
Other university entrance qualification (aHR)	Training courses with the German Armed Forces or Federal Border Guard, qualification for non-students in accordance with state regulations (e.g. from grammar schools not recognised by the state), internal state regulations
Other study authorisation (fgHR)	E.g. first examination of pedagogical assistants under certain qualifying conditions (BY), possibly internal state regulations, special maturity examination after preliminary courses for skilled workers at universities
Other university entrance qualification (FHR)	Including preparatory courses at universities of applied sciences, telecollege, authorisation for civil service and administrative colleges, attendance of an engineering or technical college in the territory of the former GDR that was converted into a university of applied sciences, internal state regulations
Acquisition of the HZB at a German school in Abroad (aHR)	
Acquisition of the HZB at a German school in Abroad (fgHR)	
Acquisition of the HZB at a German school in Abroad (FHR)	
Other acquisition of the HZB abroad (aHR)	Germans and foreigners, with or without an assessment test in Germany, but **not including** visitors to preparatory colleges

Other acquisition of the HZB abroad (fgHR)	Germans and foreigners, with or without an assessment test in Germany, but **not including** visitors to preparatory colleges
Other acquisition of the HZB abroad (FHR)	Germans and foreigners, with or without an assessment test in Germany, but **not including** visitors to preparatory colleges
