Being Buddies

Are you participating in the Buddy Program of the International Office as a team?

Would you like to be accompanied throughout the semester?

We are the team for Intercultural Qualification of the International Office - and we warmly invite you to our **Intercultural Workshop:**

Being Buddies!

In the workshop, we would like to support and inspire you to grow as an intercultural team! Together with different buddy teams, we will discuss and analyse individual and cultural differences.

There will be space for your individual experiences and questions.
